

## **NHH student exchange internship opportunities at Innovation Norway's offices in the EU.**

**Timeframe:** Semester 1, 2019

**Duration:** 4-8 months.

**Title:** Student Intern

### **Background**

Working across the world, Innovation Norway's global offices support Norwegian businesses in assessing risk, scaling up and taking advantage of the global appetite for Norwegian products and services, as well as encouraging more people to visit, invest in and do business with Norway. We prioritise areas where Norway has a competitive advantage, and we strive to understand Norwegian businesses' needs entering the global market and support their ambitions to export and invest across borders. We provide advice, intelligence on opportunities and understanding of, and exposure to, a diverse range of stakeholders and networks both nationally and internationally.

At our international locations we are part of and collaborate with Team Norway, which includes the Embassy, The Norwegian Seafood Council and the Chamber of Commerce.

As a Student Intern, a passionate and effective team member with experience from and / or an interest in, one or more of the following areas, would have a unique opportunity to improve their skills in an international setting.

- Health & welfare
- Clean energy
- Smart Cities
- Bioeconomy
- Ocean Space
- Tourism and Creative Industries

More information on how we work with these areas can be found here:

<http://www.innovasjon norge.no/no/gronn-vekst/>

### **The role and responsibilities**

The student intern will get a chance to see and learn how an Innovation Norway Office in Europe operates, and to participate in one or more projects or customer deliveries within one or more of the above-mentioned focus areas.

### **Some examples of tasks that a Student Intern could be involved in:**

- Participating in projects and deliveries to Norwegian companies and partners.
- Practical assistance to the local team when organizing trade fairs, business conferences, networking events and executive visiting programmes.

- Collecting and analysing data for customers and partners.
- Ad-hoc practical and administrative office tasks.

**The ideal candidate has:**

- Understanding of the commercial drivers of trade and investment.
- International experience or study profile.
- Relevant experience (or a strong interest) through work or studies of one or more of the focus areas.
- Fluency in English is essential.
- Good written and spoken Norwegian/Scandinavian is desirable.
- Proficiency in the local language of the desired office location will be a strong advantage.

**Desired personal skills:**

- The successful candidate will be a result driven individual encouraging high levels of performance to deliver impact.
- Strong communicator and good interpersonal skills.
- Dedicated team player.
- Service minded.
- Strong analytical and problem-solving skills.
- Self-starter, able to produce results and manage own time in an effective manner.
- Flexible – the role will require an ability to work in many different areas, sometimes simultaneously.

**We can offer:**

- Professionally challenging work experience from a global organization with highly qualified colleagues.
- The opportunity to experience working in an international and multi-cultural setting.
